

New Water Service

The City of Goose Creek is delighted you have chosen to reside in our City or in an area where the City is providing your water service. Our Public Works Department is committed to providing each of its customers with a high level of service and a reliable source of potable water at a reasonable rate. We strive to maintain the water system, adhere to consistent billing and collection procedures, and ensure prompt and courteous service.

We will do our best to provide you with service on the date requested, however, service cannot be initiated if any faucets or valves beyond the meter are open. It is the customer's responsibility to make sure all faucets and valves are closed before service is initiated. Failure to do so will result in an additional trip and charges.

We thank you for selecting Goose Creek as your residence and look forward to having you as one of our valued customers for many years to come.
